Additional Comments

- Excellent, well rounded, relevant and practical
- Excellent day, well organised and lots of helpful discussions
- Great variety of speakers and topics
- Group work exercise was very useful
- Best research course I've attended
- Very good – learnt lots about stats
- Engaging speakers and good interaction
- Brilliant course
- Informative and stimulating
- Best bits were the group discussions
- Excellent course, very relevant
- Very well organised, included all important aspects and enjoyable
- The group work was useful to put it all into practice and broke up the lectures nicely
- Consider research topics design not specific to specialty
